

SUCCESS STORY

We Show Up

We Bring It

We Do It Right

## Barrel House

Barrel House is a boutique office building combining modern amenities with today’s next generation of creativity and innovation. It’s located in downtown Minneapolis, just steps from the Mississippi River and a few blocks to the Minneapolis CBD.

In its heyday, Barrel House was the largest manufacturer of barrels in the country – a key component to Minneapolis’ booming flour mill industry.

### THE CHALLENGE

An emergency repair was needed in a short time frame. There was a broken doorlite that needed to be replaced at the north entrance.

### OUR SOLUTION

Brin’s skilled service team was quickly dispatched to the north entrance where the doorlite was broken.

### RESULTS ACCOMPLISHED

We were able to efficiently remove the damaged piece and replace it with a new one quickly, ensuring that the entrance was secure and functional once again within the limited time frame.

### Why was Brin Glass best suited for the work?

“Brin is always great to work with, this project was no different.”

“Thank you Brin glass!”

“ When vandalism hits, you call Brin Glass!!!”
